EDUCATION

BACHELOR OF DESIGN (COMMUNICATION DESIGN)

Swinburne University of Technology

Typography for Screen and Motion - HD

Highlight: Using Adobe Illustrator and Affect Effects, I created 2D illustrations and converted them into animations using key points and codes of expressions. My passion for 2D animation started in this unit and I have continued to self-teach and improve my skills over time.

Interaction Design for Mobile Devices - D

Highlight: Using Adobe Illustrator, HTML, Skeleton (a CSS framework) and JavaScript, I designed and built an interactive, story-driven virtual tour for SkyHigh in Mt. Dandenong. I gained hands-on experience in JavaScript, particularly using Airbnb's Lottie JavaScript library for converting After Effects animations into web-friendly formats.

Brand and Identity Design - D

Highlight: Using Adobe Illustrator and Photoshop, I gained hands on experience working with vector graphics, layered PSD files and embedded elements to showcase alternate designs for a client that had multiple mediums to market to their target audience. These formats included including native apps, websites, billboards and more.

CERTIFICATE IV IN DESIGN

Swinburne University of Technology

CERTIFICATE OF EDUCATION

Dandenong High School

WORK EXPERIENCE

OFFICE AND SOCIAL MEDIA ASSISTANT

March 2021 - Present

Finance Family

My role includes a variety of things. Writing scripts, setting up equipment, filming to my favourite part - animating, I do it all! For animations, I usually create my storyboards in Adobe Illustrator and then I animate it frame by frame in After Effects. The majority of my time is dedicated to creating posts and videos for our social channel. The rest of the time, I manage the WordPress site, currently rebuilding the pages bit by bit. I'm also very happy to announce that I've begun to create animated EDMs using Mailchimp and is currently beating the average in click rates for the industry!

WORK EXPERIENCE

GRAPHIC DESIGN INTERN March 2021 - May 2021

Juno

My role was to create the first draft of several scripts which were reviewed and edited by my mentor. Once approved, I created storyboards both in color and black & white. I would then proceed to animating the content. I created a library of 2D animations for Facebook, Instagram and our mobile app.

WEB DESIGNER Jan 2019 - Jan 2020

Central Park Specialist Centre

I designed, built, and maintained a Wordpress marketing website for Central Park Specialist Centre (<https://malvernheartcentre.com.au>), a heart specialist centre in Malvern East. I helped them set up their mailing newsletter in MailChimp, responsive media galleries and an interactive contact form. I also designed the company logo, which included both animated and print-friendly formats.

FOOD MONITOR/PAS Mar 2015 - Aug 2019

Cabrini Rehabilitation (Elsternwick)

- Greeting patients on arrival and finding their dietary requirements
- Ensuring patients stay within their dietary restrictions
- Informing staff & updating diet codes and making supplements
- Following up on patient's diets (ensuring records are up-to-date)
- Other general office duties

GRAPHIC DESIGNER Dec 2014

Bicycles For Humanity

- Creating Design Mockups for the Cyclist's gear
- Spray painting signage on the side of a shipping container
- Creating Banners for upcoming events
